DAAC Install Instructions:

1. Get Files listed above from SMC distribution;

2. Use the 'cp' from the command line to copy the ESDT file, storing these files inaccordance with
> local DAAC procedures (dir. where ESDT files are held), store in mode by mode, using the same
> ownerships and permission levels as existing ESDT files..
>
> 3. Then install the ESDTs as needed:
> To install/update the ESDTs use the Science Data Server GUI.
>

4. Remember that for an initial install of an ESDT (NOT FOR UPDATES), an insert for each ESDT should be done through the Stmgt GUI. It is NOT recommended that these entries be made via an isql insert.!!!!One ESDT per GUI entry...Note that a 6A capability will allow multiple ESDT
entries.
